Curriculum:

This term we are going to be exploring the topic 'All About Me'. The children will have access to a range of exciting activities throughout the term including independent play based activities and teacher led activities. Our topic each week will be based upon a book which links to our overall theme. This will bring stories to life for the children and allow them to develop their basic skills and knowledge to give them the important foundations needed for school life.

How you can help at home?

Educating a child is most successful when families and schools work together in the best interest of the child. We will always welcome your input and assistance in educating your child. Below are some suggestions for you to do with your child.

- Practice dressing and undressing independently.
- Take your child to the local library and read with your child every day.
- Point out reading and number opportunities in your environment eg reading road signs, shop signs and telephone numbers.
- Talk with your child and encourage them to follow instructions.
- Complete the weekly game on Easy Peasy.
