Dear Parents and Carers,

In one of the saddest of weeks for our great city it is important to reflect on perspective. What is really important? Are we maintaining a macro or micro perspective on what we deal with every day?

At times of uncertainty the strength of collective belief is unparalleled and at the very core of our beliefs as a school community is that everyone is working toward the same end – the very best outcomes for the children. Tolerance and understanding should be born out of a mutual understanding of a shared goal. We are unwitting role models all day, every day to these children.

The seeds of the concepts and beliefs we plant today will flourish tomorrow. However, we can also unwittingly plant prejudices and fears – we all believe in equality in our community – a common set of values. Let's make sure that we have a conscious commitment to planting the seeds of tolerance and understanding and put the troubled times to one side.

Have a great weekend. Mr Martlew and the staff
